

**The Bible Is True – Uncle Dave  
Macon (circa 1925)**

**C**  
Evolution teaches...  
**(C)**                    **G**  
Man came from a monkey!  
**(G)**  
I don't believe no such a thing...  
**(G)**                                    **C**  
Any more than a week of Sundays!

*Chorus...*

**C**  
For the Bible's true, yes, I believe it...  
**(C)**  
I've seen enough that I can prove it...  
**G**  
What you say, what you say...  
**(G)**                                    **C**  
It's bound to be that way!

**C**  
God made the world...  
**(C)**                    **G**  
And ev'rything in it...  
**G**  
He made man perfect...  
**(G)**                                    **C**  
And the monkey wasn't in it!  
**G**  
What you say, what you say...  
**(G)**                                    **C**  
It's bound to be that way!

**C**  
I'm no evolutionist...  
**(C)**                                    **G**  
That wants the world to see...  
**(G)**  
Ain't no man from anywhere born...  
**(G)**                                    **C**  
Can make a monkey out of me!

*Chorus...*

**C**  
God made the world...  
**(C)**                    **G**  
And ev'rything in it...  
**G**  
He made man perfect...  
**(G)**                                    **C**  
And the monkey wasn't in it!  
**G**  
What you say, what you say...  
**(G)**                                    **C**  
It's bound to be that way!

*Chorus...*

**C**  
God made the world...  
**(C)**                    **G**  
And then he made man...  
**(G)**  
Woman for his help mate...  
**(G)**                                    **C**  
Beat that if you can!

*Chorus...*

**C**  
God made the world...  
**(C)**                    **G**  
And ev'rything in it...  
**G**  
Made man perfect...  
**(G)**                                    **C**  
And the monkey wasn't in it!  
**G**  
What you say, what you say...  
**(G)**                                    **C**  
It's bound to be that way!

End...
