Open G Tuning

Moderate $\frac{m}{4} = 100$

Thumb = melody, index finger on 1 string only! Freely tabbed after David's live performances sounds rigid in GP, but put some feeling to it:

"No one ever seen the face..."

"Every man is evil..."

had to put ghost notes, get a strum feel to it

"all your eyes my way..."(?)

he only plays this live, I like it better this way
