Tonight as I sit by my window, I'm reading your letter so true
G C G D
I'm hoping to find it in your letter, Where you say I'll come back to you

chorus
G C G D
Oh come back to me little darlin', I miss you each day and each night
G C G D G
Oh come back to me little darlin', Don't leave me alone all my life

I know I can never be happy, No matter whatever I do
I know it's harsh and lonely without you, Oh won't you come back and be true

Oh what will I do without you, My life is so lonely and blue
No matter what happens my darlin', I just can't forget loving you
