## 1925 – English Lyrics

[Verse 1]

An innocent motion  
Is settling the tension  
It works, it works, a little too well  
The question is repeated  
But never truly answered  
I hate, I hate, the way we're being tied

[Pre-chorus 1]

Feigning hesitance, I press 'on' in the alone  
The train won't stop for any dream that dares to oppose

[Chorus 1]

There's nothing in the world that money cannot buy  
Likewise, nothing of ourselves is left unsold  
All you have to do is add a tag and name the cost  
There's no honour or virtue in profit and loss

[Verse 2]

I slipped and showed a glimpse of  
The truth of my intentions  
"It's sly, it's sly, and it's not cute at all"  
In that case, I'll try peeling  
The skin away, revealing  
"Inside, inside, it's really shameful"

[Pre-chorus 2]

Can you spot defiance, looking at matching pairs?  
This one, that one? The other one? What's hidden where?

[Chorus 2]

We carelessly throw love away like gum that's lost its taste  
Go searching for a new one and ignore all of the waste  
Like working on a jigsaw with a missing puzzle piece  
We let ambition lead us, refusing to make peace

[Bridge]

We speed on through the bouts of pouring rain  
I throw away the anchor of the ship  
We're sailing on, no way to slow us down  
Towards another conflict we are bound

[Chorus 3]

If I remove the barriers: the morals of the heart  
For better or for worse, we'll fight and clear ourselves a path  
No matter how tall the wall, there's always a way through  
If I walk around it,  
Hello, how do you do?

[Chorus 4]

If you ever ask me to define the concept 'love'  
I'd say that it means 'me', not a selfless bond of trust  
Just because a diamond is strong and never cracks  
Doesn't mean I need it, I'll keep to my own tracks
