## Pharaoh – Lyrics

[Verse 1]

A long time ago in the land of Egypt  
Children of Israel were bound  
They were slaves in the land of Pharaoh  
Making bricks and a-tilling the ground

[Verse 2]

The Lord sent Moses to Pharaoh  
He said "Pharaoh, you're to blame  
For all the plague that's coming on your land  
And the locust gonna cry your name"

[Chorus 1]

Pharaoh, Pharaoh  
The locust gonna cry your name

[Verse 3]

Then Moses said to Pharaoh  
"Pharaoh, you should know  
Our God will turn his wrath upon you  
If you don't let his people go"

[Chorus 2]

Pharaoh, Pharaoh  
You must let my people go

[Verse 4]

Well the flies got so thick way down in Egypt  
That the people couldn't eat for them  
And the frogs came and got into old Pharaoh's house  
They were sent for to torment him

[Verse 5]

Then the darkness got so thick they could feel it  
Because he disobeyed God  
Then the hailstones fell that weighed a ton  
And the streams all turned to blood

[Chorus 3]

Pharaoh, Pharaoh  
The locusts still cried his name

[Verse 6]

God told his servant Moses  
"My people must be led  
Out of Egypt by the way - the wilderness  
And across a sea called Red"

[Verse 7]

The Lord made a way through the middle of the sea  
And when all his children walked through  
Old Pharaoh defied the Lord and said  
"Now, that's the way we'll cross too"

[Verse 8]

Well, he marched horses on the bottom of the sea  
His chariots and horses and men  
Then the good Lord destroyed them all at one time  
He rolled the waters together again

[Chorus 4]

Pharaoh, Pharaoh  
The locusts still cry his name
